ARE
SET IN
STONE**

TOOLKIT

**FOR LANDLORDS
AND LETTING AGENTS**

Fairer
Scotland
Scottish
Government

Everyone deserves safe, secure and good quality housing, and that's why we're asking organisations within the rental sector, responsible landlords, and letting agents to join this Scottish Government initiative to help support tenants with the information they need.

Please show your support for the campaign, by using our campaign materials and sharing information with your tenants.

- **By sharing this information, you will further build trust and open communication with tenants**
- **Keeping tenants informed helps issues to be resolved before they escalate**
- **Publicly supporting the campaign will further cement your reputation as a responsible landlord, committed to respecting tenant's rights and this will ultimately benefit business and the sector.**

We have produced a number of materials that you can use to help get the word out.

Materials for showing your support of the campaign:

- **Email footer**
- **Content for news section of website**
- **Social media posts & images**
- **Printable window sign**

Materials to share with your tenants:

- **Infographic**
- **Tenant email**

You can access all of these materials here
